Christian Education

# TRINITY LUTHERAN PRE K-5TH

SINCE 1948

# THE TRINITY MISSION

Trinity has been educating  
Amarillo's future leaders for 72 years.

In 1948, Lutheran educator and musician Ruth Steltzer was called to start a school in the Amarillo area. For over 70 years, we have continued in the tradition of educational excellence with faithful attention to God's Word.

At Trinity we understand the value of an excellent Christian education, and we firmly believe that all children should have access. Over 75% of our students receive financial aid thanks to the generous support of the friends and family of Trinity.

Combining a quality education and a commitment to the Gospel, our PreK-5th grade program offers a solid foundation without the burden of excessively high tuition. Our students leave Trinity empowered to be a light in the world as they transition into institutions of higher education.

*Train up a child in the way he should go, And when he is old he will not depart from it.*

*Proverbs 22:6*
